

Company Description:

Well known in the construction industry for the quality of its achievements and its 40 years of experience, DIVCO has made a solid name for itself in Eastern Canada's construction industry. The large number of Office, Industrial, Institutional, Retail, and Commercial projects as well as Major Renovation and Restoration projects has allowed the company to develop its unique approach based on flexibility, proactivity and creativity.

Exceeding our clients' expectations is, without question, our primary commitment.

We are looking for talented people willing to help continue our growth.

Job Description: ESTIMATOR

Under the supervision of the Chief Estimator, you will have the following responsibilities:

- Analysis of tenders
- Measure quantities from drawings and specifications
- Estimating costs
- Coordinate all construction details with the professionals
- Solicit and invite specialized sub-contractors to bid on the various trades
- Analyze bids received by the specialized sub-contractors
- Assist in preparing the final price of the project
- Development and monitoring of bids
